COMMUNITY POLICIES

Welcome to your new apartment home!

WELCOME

This community is managed by the experienced, professional team at Pace Realty Corporation. We are dedicated to providing each resident with a comfortable living environment and making your experience here a pleasureable one. We look forward to a long, lasting relationship.

“Pace Pride...It shows in Everything We Do!”

FAIR HOUSING STATEMENT

This community is committed to compliance with all federal, state and local fair housing laws. Our community policies are designed to provide consistent and fair treatment of all residents in the spirit of these laws.

The staff at our community has a legal obligation to treat each individual in a consistent manner. Please do not place them in the difficult position of denying a request for an exception to a written policy.

Thank you in advance for your cooperation.

GOOD NEIGHBOR POLICY

All policies in this handbook apply to residents, occupants and their guests. They are a part of your lease and are legally binding, just like your lease. Please remember your neighbors and help us maintain a quiet, clean community environment.

COMMUNITY STANDARDS OF OCCUPANCY

All new residents in our apartment community meet the same non-discriminatory qualification standards based on income, criminal background, employment, credit and rental history. The maximum number of occupants allowed in each size apartment is available in the office. The term “occupant” refers to all adults and children in an apartment.

If the number of occupants in your apartment changes for any reason, please contact the Management Office immediately. Our policies require that if the number of occupants in your apartment changes, you must contact the office.

EMERGENCIES AND SECURITY GUIDELINES

MAINTENANCE REQUESTS

All service requests must be in written form with the exception of emergencies. We also accept service request submitted at our website or sent via email.

Maintenance requests will be handled after office hours if they are emergencies. We define EMERGENCIES as situations which:

Present a danger to people...

- * fire
- * no electricity
- * broken or non-working doors, locks, windows
- * no heat (when outside temperatures are below 50°)
- * no air conditioning (when a heat advisory has been issued)
- * no water
- * commode not functioning (when only one in an apartment)

Present danger to property...

- * flooding
- * broken pipes
- * Report water leaks and mold immediately.

After business hours, emergency maintenance requests can be reported to the answering service via the management office phone number. The answering service will attempt to contact the on-duty maintenance staff, who will respond as quickly as possible.

INSURANCE

As stated in your Apartment Lease Contract and in the Security Guidelines for Residents, the apartment community provides no guarantee of personal safety and security.

For this reason, we strongly recommend that you:

- * Obtain adequate renter's insurance coverage for your personal belongings.
- * Obtain adequate automobile insurance coverage.
- * Practice the tips outlined in the Security Guidelines for Residents. (See pages 5 and 6.)

FIRE

Fires are a serious problem in apartment communities, much more so than in a single-family dwelling, due to the number of families living within each building. Though damage is usually confined to property loss and damage, the loss of personal items can be quite an emotional experience. Most often started through carelessness with cooking, matches, cigarettes and fireplaces, many fires can be avoided by using caution and common sense.

BE PREPARED—PLAN AHEAD FOR EVERYONE'S SAFETY

As part of your planning, explore your community. Know every possible exit, including exits from laundry, storage and club rooms. If hallways become smoky in a fire, your memory can help you find the way out. **Remember never to use elevators in a fire.**

Keep exit and stairwell doors closed at all times, but not locked. Keep exits clear of debris and storage.

focus on these four elements in your fire safety plan:

- * Prevention
- * Detection
- * Escape planning and practice
- * Fire Department notification (Dial 911)

AN OUNCE OF PREVENTION

An ounce of prevention can save your life. Prevention is your best insurance against fire. We recommend that you take these simple fire safety precautions in your own apartment to prevent fires from starting:

- * Let cooking grease cool and pour into a metal can.
- * Monitor children carefully. Do not let children cook on the stove.
- * Keep lighters and matches out of the reach of children.
- * Avoid cooking while intoxicated, medicated or sleepy.
- * Rather than trash cans, use an empty metal container such as a coffee can for ashtray disposal.
- * Do not remove, disable or take batteries out of your smoke detector(s). Test smoke detectors monthly to make sure they are still functional.
- * Do not store gas-operated tools or vehicles (motorcycles) inside the apartment or under stairwells.
- * Barbecue grills are not allowed on balconies or patios.
- * **Determine type of fireplace.**
- * **Do not use wood in a gas log fireplace.**

FIREPLACE SAFETY

- * Use dry and well-seasoned hardwoods. Softwoods tend to burn away too quickly and scrap lumber produces excessive sparks.
- * Never use compressed wood dipped in tar, pitch or creosote, as this produces sputtering, smoking fires with toxic fumes and causes build-up inside the chimney.
- * Never use fire starters such as charcoal lighter or kerosene and definitely not "gasoline."
- * Never burn trash or Christmas trees in the fireplace.
- * Always use a log grate. It positions the fire properly and ensures a good flow of combustible air to and around the fire—producing the most efficient fire.
- * Do not drop logs into the fireplace as this may damage the fireplace walls.
- * Build moderate to small fires. Most fireplaces in apartments are not designed for roaring fires.
- * Be sure the damper is open before starting the fire and close the damper securely only when the fire is completely out and ashes are cold.
- * Use a fireplace screen and keep it clean.

EMERGENCIES AND SECURITY GUIDELINES

- * Never leave the fire unattended or with unattended children.
- * Never clean or empty the fireplace until the fire is out and ashes are cold. Always place in a metal ash container (not a plastic or paper trash bag) to cool off or be watered down. Many fires have been caused by ashes three-to-four days old that were thought to be out.
- * Never leave ashes inside garages or on balconies. Set them outside in a safe place.
- * Never put hot ashes in a dumpster or trash chute.
- * Never store firewood in any manner that would inhibit or block any exit, stairway or balcony if it caught fire.

Fire laws and insurance requirements prohibit the use of BBQ grills in breezeways, balconies, patios or within 10 feet of a building. Lighter fluid and flames are potentially hazardous to items such as boxes, furniture and the building.

MAKE SURE SMOKE DETECTORS WORK PROPERLY

If a fire occurs, smoke detectors alert you right away so that you can get out of the building safely.

If you notice that smoke detectors in your own unit or in public hallways are beeping, be sure to change batteries or have electrical systems checked. Under your lease, it is your responsibility to replace dead or missing batteries immediately. If we discover dead or missing batteries, we have the right to replace them at your expense. Do not disable your smoke detector. Disabling a smoke detector or removing working batteries is a violation of Texas law.

ESTABLISH AND PRACTICE ESCAPE PLANS

In a fire, there is not time to stop and think. You need to know in advance two escape routes from your apartment and your building. That is why it is critical that you make and practice escape plans.

- * Determine evacuation procedures, and decide on a meeting place outdoors. Go there as soon as you exit the building and stay there. This way, you can keep track of who is out and who may be trapped inside. If you think someone is trapped, tell the fire department. Never go back into the building yourself.
- * Practice! Rehearse your escape plans. Make sure that your children understand the plan. Do you have senior citizens, infants, disabled or ill occupants living with you who will need help? Plan for these situations now.
- * If your community has elevators, you will be required to participate in fire drills upon management request.

IN CASE OF FIRE, EXIT! THEN CALL 911 A.S.A.P.!

WHAT TO DO IF FIRE STRIKES

Do not rush out of your apartment into the hallway. First, feel the door. If it is hot, use another way out. If the door is cool, leave by the nearest exit.

Never use elevators in a fire! Use the stairs. Close all doors behind you to slow the spread of the fire.

If your planned escape route becomes smoky, get down on your hands and knees and crawl. Smoke rises, so the cleanest air is near the floor.

If you can not escape your apartment, stuff wet towels, sheets and clothes around the door and vents to keep smoke out. Call the fire department and tell them where you are. If no smoke is coming into the room you are in, open a window slightly. Stay low and wave a bright cloth, towel or sheet out a window to signal your location.

Remember, by accepting your responsibility to keep your apartment safe from fire, you are not only protecting yourself, but your neighbors as well. A little bit of planning and awareness can make the difference between safety and disaster for everyone.

FREEZING WEATHER

In the event of severe, freezing weather, your apartment community may post or distribute FREEZE ALERT signs. Please take the following precautions as soon as you see these signs:

- * Drip all the faucets in your apartment. Drip both the HOT and COLD water. Leave the faucets dripping until the FREEZE ALERT signs are removed from the entrances to the community.
- * Turn on the heat and set on 60° minimum. Open your closet and cabinet doors to keep plumbing fixtures and plumbing pipes in exterior walls from freezing.

If you are going to be away from your apartment for an extended period of time, please leave the thermostat on 60° minimum. These precautions are essential in order to avoid substantial damage to your apartment from broken pipes. If you have negligently failed to take these precautions, you may be liable for damages to your and your neighbor's apartment. This is especially important if you do not have insurance to cover this damage.

STORMS (*Violent or Electrical Thunderstorms*)

Spring usually brings with it rapidly changing weather patterns including violent electrical and/or thunderstorms. The following actions will help prevent damage to the property caused by high wind and heavy rain:

- * Secure outdoor furniture, plants, satellite dishes and decorations to prevent them from blowing away or blowing into windows, cars, etc.
- * Make sure all doors and windows are securely closed.
- * Turn off and unplug computers, television sets and all other electrical equipment.
- * Stay indoors.

TORNADOES

Tornadoes strike without advance warning. Preparedness is important for protection of human life and property.

EMERGENCIES AND SECURITY GUIDELINES

If you hear or see a tornado, take action:

- * If time permits, open windows so the pressure will not build.
- * Take cover in an interior hallway or room on the lowest floor of the building in the smallest room like a closet or bathroom.
- * Stay clear of windows and patio doors which might shatter.
- * Do not run outside to warn others. If you can hear or see the tornado, it is too close for you to take any other action except taking cover.

SUSPICIOUS ACTIVITY AND NOISE

Identifying suspicious behavior

Anything that seems unusual or “out of place” could be criminal activity. Working as a partner with police, every resident has a responsibility to report any suspicious behavior. Do not think that you are bothering the police. Consider the results if a crime is in progress and you do not act!

Never attempt to apprehend a person committing a crime. Report but do not investigate suspicious activity. Leave any confrontations to the police. Allow the police to perform the job they are trained to do.

Not every stranger who enters your property is a criminal, but criminals do take advantage of activity in apartment communities by pretending to be legitimately involved in sales, repair and service. If you see any solicitors in your community contact the office. If you suspect that any employee is involved in illegal activity, please contact the Management immediately.

NOISE FROM NEIGHBORS

If you have a noise complaint concerning a neighbor, we recommend the following procedure:

- * First, speak to your neighbors yourself. They may not be aware of the disturbance.
- * Second, if the problem persists, contact the management office. After office hours, the answering service will contact a staff member to address the problem. Please call the office again during business hours so that we can monitor the situation.
- * Third, contact the police.

SOLICITORS

For your personal safety and protection, look through the door viewer before opening the door. Do not allow strangers into your apartment. Your apartment community does not allow door-to-door solicitors of any type. If you are bothered by solicitors, please contact the office.

LIGHTING

The maintenance of the exterior lighting at our community is an important part of our maintenance program. If you notice that lights are out, please contact our office and we will handle your request.

SECURITY GUIDELINES FOR RESIDENTS

In cooperation with the Texas Apartment Association, we'd like to give you some important safety guidelines. The Texas Police Association and the Sheriffs' Association of Texas have approved these suggestions. We recommend that you follow these guidelines and use common sense in practicing safe conduct. Inform all other occupants in your dwelling, including any children you may have, about these guidelines.

PERSONAL SECURITY—WHILE INSIDE YOUR APARTMENT

1. Lock your doors and windows—even while you're inside.
2. Engage the keyless deadbolts on all doors while you're inside.
3. When answering the door, see who is there by looking through a window or peephole. If you don't know the person, first talk with him or her without opening the door. *Don't open the door if you have any doubts.*
4. Be careful in giving out keys, gate cards, or lock combinations. If children (who are old enough to take care of themselves) are left alone in your apartment, tell them to use the keyless deadbolt and refuse to let anyone inside while you are gone - regardless of whether the person is a stranger or an apartment maintenance or management employee.
5. Don't put your name, address, or phone number on your key ring.
6. If you're concerned because you've lost your key or because someone you distrust has a key, ask the management to rekey the locks. You have a statutory right to have that done, as long as you pay for the rekeying.
7. Dial 911 for emergencies. If the 911 number does not operate in your area, keep phone numbers handy for the police, fire, and emergency medical services. If an emergency arises, call the appropriate governmental authorities first, then call the management.
8. Check your smoke detector monthly to make sure it is working properly and the batteries are still okay.
9. Check your door locks, window latches, and other security devices regularly to be sure they are working properly.
10. If your doors or windows are unsecure due to break-ins or malfunctioning locks or latches, stay with friends or neighbors until the problem is fixed.
11. Immediately report to management—in writing, dated and signed—any needed repairs of locks, latches, doors, windows, smoke detectors, and alarm systems.
12. Immediately report to management—in writing, dated and signed—any malfunction of other safety devices outside your apartment, such as broken gate locks, burned-out lights in stairwells and parking lots, blocked passages, broken railings, etc.
13. Close curtains, blinds, and window shades at night.
14. Mark or engrave your driver's license number or other identification on valuable personal property.

SECURITY GUIDELINES (cont.)/COMMUNITY POLICIES

PERSONAL SECURITY—WHILE OUTSIDE YOUR APARTMENT

15. Lock your doors while you're gone. Lock any door lock, keyed deadbolt lock, sliding door pin lock, sliding door latch, and sliding door security bar that you have.
16. Leave a radio or TV playing softly while you're gone.
17. Close and latch your windows while you're gone, particularly when you're on vacation.
18. Tell your roommate or spouse where you're going and when you'll be back.
19. Don't walk alone at night. Don't allow your family to do so.
20. Don't hide a key under the doormat or a nearby flowerpot. These are the first places a burglar will look.
21. Don't give entry keys, codes or electronic gate cards to anyone.
22. Use lamp timers when you go out in the evening or go away on vacation. They can be purchased at most hardware stores.
23. Let the management and your friends know if you'll be gone for an extended time. Ask your neighbors to watch your apartment since the management cannot assume that responsibility.
24. While on vacation, temporarily stop your newspaper and mail delivery, or have your mail and newspaper picked up daily by a friend.
25. Carry your door key in your hand, whether it is daylight or dark, when walking to your entry door. You are more vulnerable when looking for your keys at the door.

PERSONAL SECURITY—WHILE USING YOUR CAR

26. Lock your car doors while driving. Lock your car doors and roll up the windows when leaving your car parked.
27. Don't leave exposed items in your car, such as cassette tapes, wrapped packages, briefcases, or purses.
28. Don't leave your keys in the car.
29. Carry your key ring in your hand whenever you are walking to your car—whether it is daylight or dark and whether you are at home, school, work, or on vacation.
30. Always park in a well-lighted area. If possible, try to park your car in an off-street parking area rather than

on the street.

31. Check the backseat before getting into your car.
32. Be careful when stopping at gas stations or automatic-teller machines at night—or anytime when you suspect danger.

PERSONAL SECURITY AWARENESS

No security system is failsafe. Even the best system can't prevent crime. Always act as if security systems don't exist since they are subject to malfunction, tampering, and human error. We disclaim any express or implied warranties of security. The best safety measures are the ones you perform as a matter of common sense and habit.

RENTAL PAYMENT

Although your rental payment policies are stated in your Apartment Lease Contract, we will explain them further here:

- * All rent is due on the 1st of the month.
- * If your rent is received by the office after the date specified on your lease, you will be charged an initial and daily late charge in accordance with your lease.
Due to fair housing non-discriminatory practices, no exceptions can be made.
- * No personal checks will be accepted for rental payments after the date specified in your lease. After that date, you must use either a money order or cashier's check. Cash is not accepted.
- * Online rental payments must be received in the leasing office by the first of the month.
- * A returned check fee plus applicable late charges will be assessed on all checks returned by a bank for any reason. Checks will not be redeposited. Returned checks must be cleared by cashier's check or money order within 24 hours of notification.
- * After we receive 2 returned checks, we will no longer accept personal checks for the rent on your apartment (or any other charges). You must pay by cashier's check or money order.
- * If rental payments are made after office hours, drop your check or money order in the night drop slot.
- * No cash will be accepted at any time for rental or other payments.

COMMUNITY POLICIES

CHILDREN

We reserve the right to unlock your apartment home for any occupant of the unit when locked out, including minor children.

If a member of our staff sees a child playing in a manner that is physically dangerous or damaging to the community, that staff member may escort the child home and inform the parents of the situation. If the child cannot be identified or is unsupervised, we may keep the child in the office until the parents are located. Parents can be held personally responsible for theft or property damage caused by their children. Parents and guardians must be very careful when entrusting their children to others.

Since unattended children are always at risk for injury or abduction, please teach your child personal safety rules. Our community policies do not allow parents or guardians to leave children unattended without adult supervision. We are obligated to report unattended children to child protective service agencies.

DECORATING

The staff at your apartment community works very hard to maintain your community's attractive appearance. We ask that you assist us in the following ways:

- * No structural changes or additions may be made to the exterior of the building, including patios and balconies.
- * Since the appearance of patios and balconies affect the appearance of our community, patios and balconies may not be used for the storage of trash, boxes, tires, auto parts, broken furniture, etc. The management reserves the right to monitor the decor and appearance of your patio or balcony.

- * For buildings higher than 4 stories, as a safety precaution, only iron furniture is permitted on balconies.

- * Inside your apartment, you have the freedom to decorate by hanging pictures, etc. in accordance with Lease Contract limitations. However, in order to receive a refund on your security deposit, you must return the apartment to its original condition, except for reasonable wear and tear as defined by statute. If you fail to do so, you will be charged appropriately. This includes the removal of shelf-paper, tub or shower decals, shelf brackets, hooks, towel holders or using paint sealers to cover dark or unusual shades of paint.
- * Residents are responsible for any damages caused by their waterbeds.

KEYS/ACCESS DEVICES & LOCKS

The care and maintenance of the keys/ access devices and locks to your apartment is of critical importance.

No one should have a key or other entry device to your apartment without your prior written permission. This includes family, friends, delivery and repair services. (Of course, management will retain a key/access device.) All requests for security device changes must be made in writing. Additional policies regarding keys/access devices and locks include:

- * We reserve the right to unlock your apartment home for any occupant of the unit when locked out, including minor children.
- * Our staff will be happy to make a duplicate of your apartment key for a minor charge.
- * If you lose your apartment keys / access devices or wish to have your lock rekeyed, we may do so for a minimum charge of \$25 per lock, which will include one key.
- * After office hours, you may be charged for letting you back in after you have inadvertently locked yourself out. Residents must provide photo identification before our staff can allow them access to an apartment. Our staff will open the door only for the residents or "occupants" listed in the lease.
- * Take precautions with your keys/access devices. Do not hide them outside your home. Do not give your keys / access devices to acquaintances. Do not put your address on your key ring. Keep your car keys and apartment keys on separate rings.
- * Your apartment is provided with a latch on each window and a keyless deadbolt on every exterior door. If your apartment has a sliding glass door, it is equipped with a pin lock and one additional latching device, either a handle latch or a security bar.
- * We strongly recommend that you keep all windows latched and all doors locked at all times. Immediately upon move in, check all of the above and report any broken, missing or inoperable items to the management.
- * We will install additional sliding glass door and window latches if you request. You must pay for any additional security device installation.

COMMUNITY POLICIES

APARTMENT TRANSFERS

Occasionally residents choose to transfer from one apartment to another within an apartment community. Contact the management office if you are interested in transferring to another apartment.

MOVING?

Your apartment community's move-out policies are outlined in paragraphs 37 through 42 of your Apartment Lease Contract, however we will clarify them further.

In order to receive a full refund of your apartment security deposit, you must follow all of these procedures:

- * Fulfill the complete term of your current lease contract.
- * Give written advance notice in accordance with your lease agreement to a member of the office staff in the office. We strongly recommend visiting our office in person and completing a prepared form rather than slipping a note through the night drop. Using our form will provide you with written documentation verifying your notice to vacate and will outline potential charges for cleaning or damages.
- * Pay all rent and charges through the scheduled day of your move-out.
- * Remove all personal belongings from the apartment and follow the Move-Out Cleaning Instructions to thoroughly clean your apartment. If you have changed the decor of the apartment, return it to its original condition.
- * Provide the office with a complete forwarding address, in writing.

When you are ready to return your keys, we strongly recommend that you ask a member of our office staff to accompany you on an inspection of your apartment to determine its condition and verify the amount of your refund.
